Subject: comments on final draft of LHCC air model

Steve and all - my comments on the latest version of the air modeling report are attached (in "track changes").

Also:

1 - my March 2010 draft has CDFs C and D shown on Figure 2: **these need to be deleted from the Figure**

2 - I recall hearing from the weekly call that ERDC had approved the latest RTCs; **can you confirm and did they do so in writing** (email)?

I would like to have this wrapped up by the end of next week. If EPA could get the final package as a CD that would facilitate posting on the web site.

Thanks - Dave
